Find us on

Premium Wooden Pool Kits

We appreciate that customers require the freedom to specify exactly what they need with their wooden pool. Each pool can be customised to suit the customers needs, making it easier to up-spec to a top of the range piece of equipment that can be enjoyed for years to come.

We have listed what we regard as essential components and optional extras. On top of this, individual product discounts apply, which is great news for our customers. We can still offer wooden pools we have listed in previous years or bespoke wooden pools - just call us for more information.

For the full range go to www.woodenpools.net

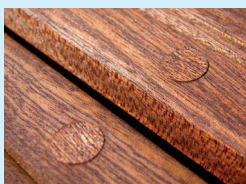

It is important to read through each option to see what comes with each kit, as most of the equipment has been separated.

All our Structure Kits contain the following:

A robust timber structure -

Using 44mm pressure treated redwood timber, which is selected from renewable sources. Included are all necessary timber supports and fixings, along with an external wooden ladder and internal Stainless Steel ladder.

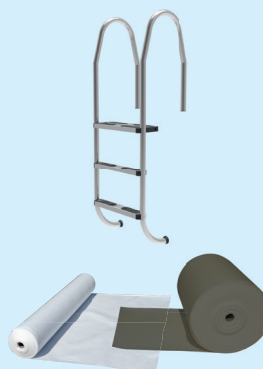

An exotic two piece hardwood top shelving -

Featuring our own reversible bespoke profile, designed to make fixing as neat as possible using our plug and pellet hidden fixings.

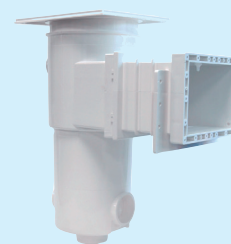

Metal braces - For pools that require metal braces these are included in the structure kit. On premium pools, these are cleverly boxed in to keep the wonderful timber aesthetics.

Wooden Pool Ladder -

All premium wooden structure kits now contain our new removable stainless steel ladder, making tailor made covers simple to use.

Foam and Felt underlay - Giving our tailored liners a beautiful soft touch as well as added protection, complete with spray adhesive and underlay tape.

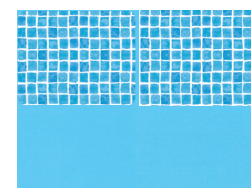

White goods kit - Endurance skimmers embody the latest in technological innovation to guarantee reliability and quality.

Filtration Kit - Comes with the reliable iFlo 0.75hp pump and filter package, including glass filter media, as well as essential plumbing kit to complete your installation or upgrade by choosing our own British-made **Argonaut Pump** and Filtration package for an even better performance.

Upgraded Argonaut package comes as standard for our flagship Chelsea Wooden Pool, including essential plumbing with 2 main drains. (Extra fittings available if plant is situated away from pool).

Liner options - Our liners are now priced as separate options to give you more choice and make quotations easier. Simply select the style and pattern required and add to your order. See pages 48 & 49 for liner options.

Maintenance Kit contains - Backwash hose, chemical starter kit, vac head, vac hose, telescopic pole, leaf net and brush - everything you need to keep your pool beautifully clean.

Optional extras

Heating - If you are looking to heat your wooden pool, we have specified our recommended heating methods for you to choose from.

Lighting - With the hugely successful Mini Brio+ Lights we have produced a complete Lighting Package for wooden pools. Available in brilliant white or full remote-control colour-change setup.

Note: we strongly recommend equipment we have selected for each wooden pool. If you wish to upgrade please speak to one of our advisors.

Wooden Pool Filtration Enclosures

- Securely house your pool filtration, heating etc.
- Full height of pool
- Designed to be fitted to skimmer wall
- Double front doors
- Easily removable top for complete access
- Top trap for easy skimmer maintenance

The Nazca Wooden Pool Range

10YR
PRO-RATA
WARRANTY

HEAVY
ITEM

Our new rectangular wooden pools are built to make the most of your outdoor space and give you a quick build time while also offering an affordable option to enjoy your very own pool.

All models are designed to be compact with a neat finish to your pool set up.

For the full range go to www.woodenpools.net

It is important to read through each option to see what comes with each kit, as most of the equipment has been separated.

Our Nazca range comes in 3 sizes:

- 4m x 2m Nazca Pool - the ideal exercise or fun pool
- 8m x 2m Nazca Pool - the lap pool
- 8m x 4m Nazca Pool - the all round family pool

All NAZCA pools come with Structure Kits which contain the following:

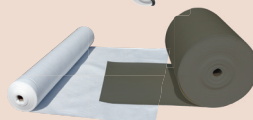

A robust timber structure - Using 44mm pressure treated redwood timber, which is all selected from renewable sources. Included are all necessary timber supports and fixings, along with an external wooden ladder and internal Stainless Steel ladder.

Metal braces - All pools that require metal braces are included in the structure kit. These are cleverly boxed in to keep the wonderful timber aesthetics.

Wooden Pool Ladder - All Nazca wooden structure kits now contain our new removable stainless steel ladder, making tailor made covers simple to use.

Foam and Felt underlay - Giving our tailored liners a beautiful soft touch as well as added protection, complete with spray adhesive and underlay tape.

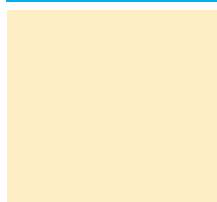

White Goods Kit - Endurance skimmers embody the latest in technological innovation to guarantee reliability and quality.

Just add your choice of Pool Liner from our range!
